This is a big bodied cow. She is correct in the ways you want as a dam to produce amazing offspring. She carries the wild gene and passes it on to her offspring. She is a very easy going cow who will always come to visit you if you are in the pasture, she loves treats and her offspring are just as easy going as she is. She milks like a champ and we are keeping an eye on her last bull calf as he is a colorful big guy. She comes from the legendary Bob
